**PROTECT YOUR FLOCK FROM DISEASE
AND KEEP YOUR BIRDS SAFE**

Gain Insights into Small Flock Farming at SmallFlockOntario.ca

Discover a dedicated learning hub designed exclusively for small flock owners, hobby farmers, and non-supply managed poultry enthusiasts. Best of all, it's entirely FREE! SmallFlockOntario.ca is your go-to resource for comprehensive information on biosecurity, welfare, and real-time updates on the current High Path Avian Influenza epidemic.

Why Bird Flu Matters:

Highly Pathogenic Avian Influenza (HPAI), or "bird flu," is a highly contagious viral infection affecting both domesticated and wild birds. With a mortality rate of 90 to 100% in poultry, understanding and managing HPAI is crucial.

What's on SmallFlockOntario.ca?

- Expert advice and insights directly from poultry professionals, veterinarians, and industry specialists
- Accurate, concise, and regularly updated content
- Multimedia Resources: Videos, Podcast Links, Sick Bird Reporting
- Q&A Support: Reach out via email or phone for quick answers to your questions

Stay Informed and Connected:

Subscribe to our FREE newsletter for:

- **Exclusive Resources:** Gain access to exclusive resources, guides, and tools that are tailored for small flock owners
- **Timely Alerts:** Stay informed about disease outbreaks, biosecurity measures, and relevant updates to ensure the well-being of your flock

- **Educational Webinars:** Participate in free webinars covering a variety of topics, enhancing your knowledge and skills in small flock management
- **Networking Opportunities:** Connect with a community of small flock owners, share experiences, and build valuable relationships within the poultry industry

Join the Flock – Stay Protected!
